

Terry Hoover
Drilling Supervisor

Date of Birth: 9-July-1955
Nationality: USA
Education: Industry experience

QUALIFICATIONS AND EXPERTISE:

- Extensive supervisory role on offshore rigs for 20 years
- Consistent delivery of high performance and safe operations
- Excellent knowledge of rigs, components, equipment, and maintenance requirements
- Extensive experience in horizontal and extended reach drilling and completions
- Experienced on floaters, jackups, and 5th generation rigs
- OIM for MODU rigs operating in Asia, Australia, North Sea, and Africa

Three years with DMI as a drilling supervisor for the Apache Australia floater drilling programs. A key member of the drilling team putting in the Van Gogh subsea development off the NW Shelf. Previously, had worked for drilling contractors for the last 32 years.

RECENT ACHIEVEMENTS AND CAREER HIGHLIGHTS:

- Part of the drilling team in Australia carrying out field development using bilateral wells and subsea completions. The team drilled over 50 km while typically maintaining the well within 1m over lateral sections in excess of 2 km each. The team installed over 40 km of sand screens in the bilateral wells. The project was completed in less than 9 months in an environmentally sensitive area.
- Member of Apache Australia floater drilling team that consistently delivered excellent drilling performance on exploration wells in the NW Shelf
- Completed large Batch Drilling / Sub Sea Completion project with Murphy Oil in Malaysia ahead of schedule and under budget
- OIM on 2 rigs achieving 5 years with no LTA's
- Delivered last 2 Diamond Offshore 5th Generation Semi's from Keppel FEL Shipyard and worked as OIM on both rigs.

An excellent team player who sets high standards for safety and performance. Willing to test and implement new ideas and technologies.
