

**David McNaught**  
**Drilling Supervisor**

**Date of Birth: 21 April 1970**  
**Nationality: Australia**  
**Education: Industry experience**

**QUALIFICATIONS AND EXPERTISE:**

- Excellent knowledge of rigs, components, equipment, and maintenance requirements
- Extremely conscientious of performance while maintaining safe work environment
- Experienced on floaters, jack-ups, land rigs, and platform rigs
- Developing quickly as a drilling and completion supervisor – excellent willingness to learn

2 years with DMI as a drilling supervisor on operations that requires extremely close supervision in difficult operating environments.

**RECENT ACHIEVEMENTS AND CAREER HIGHLIGHTS:**

A member of the DMI team for ROC Oil (Bohai) Company in China:

- Primarily drilled difficult highly deviated wells completed with multi zone frac packs
- Maintained a high performance standard in offshore operations for Apache Energy in Australia and ROC Oil in China.
- The 2009 performance achieved 355 meters/day (total meters drilled per total of all drilling days including casing installations, BOP installation, rig moves, etc). This was the highest ever performance for the project that has consistently achieved 275-300 meters/day on an annual basis.

Over 20 years of experience working on rigs, the majority in Australia, South East Asia and China.

Has drilled wells for very high performance drilling operations in the above areas.

Developed an excellent knowledge and understanding of all rig related equipment and procedures.

**EXPERIENCE SUMMARY:** 22 years rig experience including various supervisory roles

<u>Position</u>	<u>Years</u>	<u>Company and/or Clients</u>
